# Kiran Babu

Technical Scrum Master @ TCS | Enterprise Agile Leadership | AI-Driven Solutions | Product Innovation | Digital Transformation Expert  
Bengaluru, Karnataka, India

## Summary

Technical Scrum Master @ TCS | Transforming Enterprise Agile at Scale

I'm a Technical Scrum Master at Tata Consultancy Services, passionate about building high-performing Agile teams and driving digital transformation at enterprise scale. My focus is on bridging the gap between Agile excellence and AI-powered automation to deliver measurable business value.

### Core Expertise:

- Enterprise Agile Leadership (SAFe, Scrum, Kanban)
- Value Stream Optimization and Flow Management
- Cross-functional team coordination and coaching
- AI/ML integration for process automation
- Product-driven delivery and stakeholder management
- Technical architecture and system design

### What Drives Me:

I believe the future of enterprise software delivery lies in combining human-centered Agile practices with AI-powered automation. My mission at TCS is to help teams work smarter—optimizing flow, reducing waste, and delivering exceptional outcomes.

### Beyond TCS:

As a side passion, I explore digital product creation, workflow automation, and AI integration—building solutions that solve real business problems.

### Let's Connect:

Whether you're scaling Agile, optimizing workflows, or interested in AI-driven automation, I'd love to collaborate!
